Task 2

We are reading a story in English. This is the fourth lesson of the English course.

In this lesson, we will read about dolphins. We will learn more about them and see some pictures. Dolphins are very cute animals. This is picture number one. The dolphin is smiling.

Teacher: Good morning, everyone. Today, Alex is going to tell us about his favorite animal for his English project. Are you ready, Alex?

Alex: Yes, I am. My favorite animal is the dolphin. I will tell you about dolphins and show you some pictures. Dolphins have happy faces. This is picture number one. The dolphin is smiling.

Teacher: Yes, it looks happy. Please go on, Alex.

Alex: Dolphins live in the sea and they eat a lot of fish every day. Dolphins live together in groups. Look at picture number two. There are some dolphins. They are swimming together.

Teacher: Yes, I see the dolphins swimming together. Tell us more about them.

Alex: Dolphins also like to jump out of the water. Look at picture number three: the dolphins are jumping.

Teacher: Yes, look at them—they are jumping! Now, who wants to ask Alex a question? Yes, Lisa.
Lisa: Alex, where can we see dolphins in Israel?

Alex: You can see dolphins in Eilat. I was in Eilat, and I saw them playing in the water. You can also swim in the water with the dolphins! Look at picture number four. The children are in the water with the dolphin.

Teacher: That sounds like fun! Thank you, Alex. Your English project about dolphins is very interesting.
