Adopting a Dog

1 A dog can be your best friend. It gives you love, protects you and is always ready to have fun with you. However, bringing a dog into your home is not a simple task. You need to make sure you can give a dog what it needs to be healthy and happy. Here are some important questions you should think about before making the decision to adopt a dog.

2 **Do you have the time?**
You need a lot of time to take care of your dog. You need to feed a dog once a day. Some dogs also need to be brushed daily. A dog needs a lot of exercise and you need to walk it three times a day. Finally, dogs like to be with people, so you shouldn't leave your dog alone for many hours during the day.

3 **Do you have the money?**
Taking care of a dog costs a lot of money. You need to buy food, which can be very expensive, especially if your dog needs special food. You will also need to take your dog to the vet** for a yearly visit, and sometimes your dog may need medicine. You may spend up to 250 shekels each month.

4 **Is this the dog for you?**
You need to decide which type of dog is best for you and your family. Big dogs should not be kept in small apartments. Young dogs are active and need lots of room to run around. If you like sports and exercise, you should probably adopt a younger, active dog. If you have small children in your family, a quiet dog is better.

5 If you answered yes to all these questions, there is one more question to answer. **Are you ready to give the dog all the love you can?** If the answer is yes, you are ready to adopt a dog and it will be your best friend.
